

# SP3 Premium Surge Protector

Voltage spikes and surges can occur anywhere at any time, in your home, office or workshop.

- Protect appliances against power disturbances such as surges, spikes and lightning
- Surge 'Protected' indicator
- Grounding status indicator
- Complete 3-line protection (Live, Neutral, Earth)
- 40dB noise filter

Eubiq Surge Protector provides full surge and spike protection for your valuable equipment such as computer, monitor, printer, scanner and fax machine.

In the event of an excessive spike, Eubiq Surge Protector is designed to sacrifice itself to protect your computer.

If a high energy strike destroys the unit, the 'Protected' LED will go out, the unit will need replacement to restore the surge protection.

For use with a Eubiq or GSS System power tracks.

**DO NOT** use in damp areas or near water.

**Working Voltage** : 240VAC

**Maximum Current Surge Handling** : 2500A

**Protection Modes** : Live-Neutral (L-N), Neutral-Earth (N-E),  
Live-Earth (L-E)
